³ This comparison is being made to normalize for the number of uninsured in a given state and should be used for directional purposes only. Not all of those who

⁴ Estimates provided by US Department of Health and Human Services: <http://www.hhs.gov/healthcare/facts/bystate/statebystate.html>

have applied for a Marketplace plan were necessarily uninsured and are not a subset of uninsured.

* Includes only FFM (Federal) totals - excludes California, Washington and other non-FFM totals

** State did not adopt Medicaid Expansion

#Note that gender and race/ethnicity are not available for all participants. The percent figures are based on total number that reported a given category, not the number of total individuals selecting a marketplace plan in each state.
